RAIL CLIPS
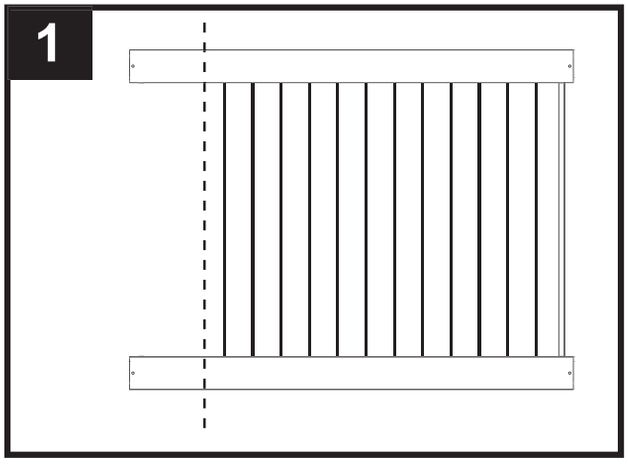
CLIPS DE TRAVESAÑO

RAIL CLIPS

Clips de travesaño

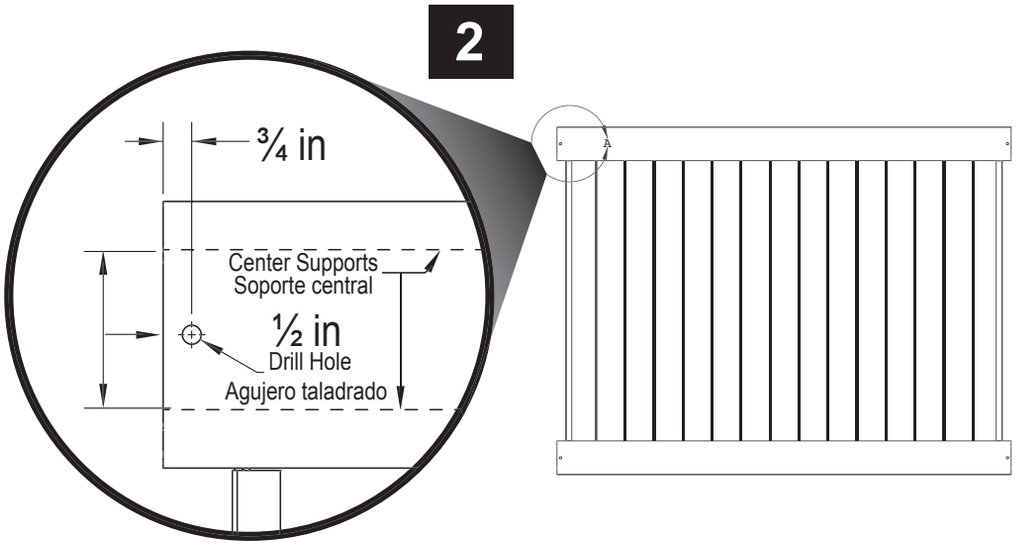
1. Determine appropriate length and trim rails to desired length plus 2 inches.

Determine el largo adecuado y corte los rieles a la longitud deseada mas 5,08 cm.



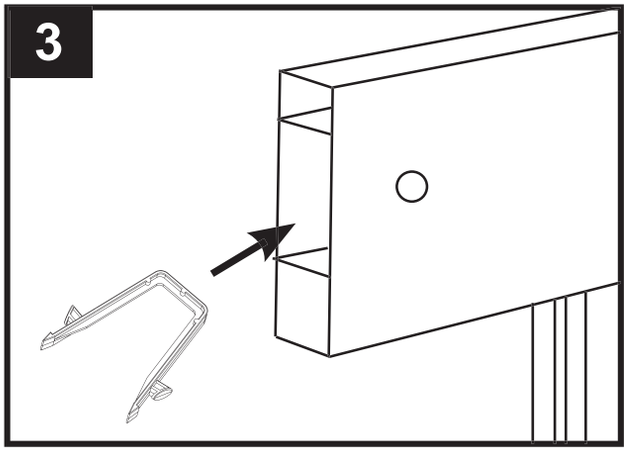
2. Drill ½ inch hole in rail between center supports

Taladra un orificio de 1,27 cm en el riel.



3. Pinch rail clip and insert into hole.

Presione el sujetador de riel e inserte en los orificios.



4. Insert rail into post hole until rail clip snaps into place.

Coloca el riel en el orificio del poste hasta que el sujetador para riel encaje a presión en su lugar.
